

## Sustainable Business Summit 2013 was organized

Sustainable Business Summit 2013: Supply Chain took place with a great audience interest at Four Seasons Bosphorus Hotel on 2nd October. The summit was organized in international collaboration with CDP, Global Compact Turkey, CSR Europe and UNIDO. SBS aims the versatile integration of sustainability into the business world and to spread sustainable supply chain best practices. One of the key note speakers was the supply chain director of Sonya Bhonsle and she made a speech emphasizing the business value of supply chain sustainability. She drew the audience's attention to climate change risk management and shared the achievements of several good examples.
